The SAR summarizes the information you submitted on your 2020-2021 Free Application for Federal Student Aid (FAFSA).

Application Receipt Date:	10/28/2019	XXX-XX-8387 CA 01
Processed Date:	10/29/2019	EFC: 1522 *

### **Comments About Your Information**

2020-2021

Learn about federal tax benefits for education, including the American Opportunity Tax Credit (AOTC).

Based on the information we have on record for you, your EFC is 1522. You may be eligible to receive a Federal Pell Grant and other federal student aid. Your school will use your EFC to determine your financial aid eligibility for federal grants, loans, and work-study, and possible funding from your state and school.

Your FAFSA has been selected for a review process called verification. Your school has the authority to request copies of certain financial documents from you and your parent(s).

There is a limit to the total amount of Federal Pell Grants that a student may receive, which is the equivalent of 6 school years. Once a total amount of Pell Grant eligibility has been received, a student can no longer receive Pell Grant aid.

WHAT YOU MUST DO NOW (Use the checklist below to make sure that all of your issues are resolved.)

If you need to make corrections to your information, click 'Make FAFSA Corrections' on the 'My FAFSA' page using your FSA ID. If you need additional help with your SAR, contact your school's financial aid office or click the 'Help' icon on the FAFSA home page. If your mailing address or e-mail address changes, you can make the correction online.

Based on your EFC of 1522, you may be eligible to receive a Federal Pell Grant of up to \$4,645 for the 2020-2021 school year provided you have not met or exceeded the lifetime limit established for the Federal Pell Grant program.

### Your Financial Aid History Information

The information below is the total amount of student loans that you owe. These loans are administered by the U.S. Department of Education (ED). You should confirm that these loan totals are correct. You can view details on the individual loans that make up these totals at the <u>National Student Loan Data</u> <u>System (NSLDS)</u> Web site. If you feel that the amounts listed on this page are incorrect, or you have other questions related to a loan, you should contact the loan servicer indicated on the NSLDS Web site. You can obtain general information about each of the types of loans that are listed below by visiting our <u>StudentAid.gov</u> Web site.

Note that the "Subsidized" and "Unsubsidized" amounts include the appropriate portions of any Consolidation Loans you may have. If there is an amount listed for "Unallocated Consolidation Loans" it is because we could not determine whether those balances were subsidized or unsubsidized.

Remember you are responsible for repaying all of the amounts that you borrow, plus interest. As a general rule, with an assumed interest rate of 5%, the monthly payment amount over a ten-year repayment period would be approximately \$10.61 for every \$1,000 that you borrowed. Of course your actual repayment amount will depend upon how much you borrow, the interest rate when you enter repayment, and how long your repayment term is.

### Financial Need Extenuating Circumstances

I come from a single parent household. My mother was a stay at home mom until my mom and dad divorced when I was just 9 years old. At that time she entered into the workforce, with no college degree and no previous business experience. My father has been laid off several times in the past few years due to the economy. He has not been able to help with any of my expenses.

With my mom having a medical disability and my current diagnoses, our medical bills run very high. Between the two of us, we are on over 10 prescriptions a day. Because my mom was offered overtime for a few months the last two years, we lost our food stamps, LIHEAP, Medicaid and free student lunches. Although she is no longer eligible for overtime, with my brother now in college we are not able to gain that assistance back. She currently is looking for an additional part time job to help out with our regular monthly expenses.

I started working at 15 and continue to work to pay for my own car insurance and gas. I also have paid for my HACC classes and other school expenses. I will be paying for my college on my own as my brother also has had to pay for his college with multiple student loans. I would be extremely grateful for any scholarship money that would be awarded to me. Thank you for your consideration.

### All Roads Lead to Nursing

At just three years old, I watched the doctor in awe as he cut a cyst out of my mom's back. This would probably gross other people out, but I was fascinated. My mom knew at that point I was cut out for the medical field. Fourteen years later here I am embarking on a nursing career.

With my mom being a Type 1 diabetic I learned early how to care for her in case of an emergency. Needles and blood were just a daily part of life in our household. Then, at 14, I had a medical scare myself. I went from being a healthy girl to daily fainting and shaking spells. I was simultaneously diagnosed with epilepsy, Lyme disease, and a fainting disorder. Doctor appointments, countless tests, bloodwork, medicine adjustments and hospital stays led to a daily regimen of 8 pills. My personal experiences began to open my eyes to the field of nursing.

Last year I was given an amazing opportunity to volunteer in our local hospital's summer program. 30 hours of working with patients and learning how to care for them really sparked a desire in my heart to continue being a patient advocate. I will be returning this summer to continue volunteering to help each one of these patients.

My stage for nursing is set and I have been preparing for this opportunity for a very long time. Although I did not always see it, there have been so many stepping stones along the way. From my love of taking care of animals to knowing how to properly care for myself and my mother, nurturing has just come naturally to me. My passion for others and my passion for medicine have collided and that is what is going to make me an outstanding nurse.

Recommendation for Peyton Carr-

I have been teaching Biology at Red Land High School for thirty one years. Peyton was a student of mine in first year biology as an underclassman and during this fall semester in my Anatomy & Physiology upperclassman elective. She comes to class prepared, attentive and ready to learn. She works well independently and with others. Peyton tested well and worked effectively in lab situations. She earned a solid 94% for the course. My favorite recollection of Peyton is during our final week of the course I gave students an option to dissect a cow heart, no grade or assessment attached. She was part of a small group who chose to examine the heart simply for learning's sake which I consider to be one of the greatest traits a student can exhibit.

Peyton is a polite, mature young woman who is serious about school and her future. Her presence in a classroom adds order and purpose as she demonstrates that she is there to learn. Notably, Peyton manages to work part time at a local grocery store, do volunteer work and play on the varsity lacrosse team. I think she demonstrates the organization, maturity and aptitude to succeed in higher education. I strongly recommend her for your Roberta L Houpt scholarship.

Sincerely,

Dear Sir/Madam:

Please accept this as a Roberta L. Houpt Scholarship Fund letter of recommendation for Peyton Carr. I have known Peyton for about 10 years and have had the privilege of watching her grow up into an amazing young lady.

Peyton faced some challenges as she was growing up. First, her parents divorced. In addition to the obvious consequences of divorce, Peyton also had to adjust to her then stay at home mom returning to work. This was a difficult transition, but Peyton understood the reasons why her mom could no longer be there when she got home from school and why her mom wasn't able to be at all her extracurricular activities. While she didn't necessarily like it, Peyton didn't complain. She knew her mom was doing what she needed to do and what was in the best interest of her and her brother.

Not too long after her parents separated, Peyton began to experience medical issues. Little did she know that she was about to embark on a journey of seemingly endless doctor appointments, tests, and hospital stays. In addition to all the appointments and tests, Peyton had to stop doing some of the things she really enjoyed while the doctors struggled to find what was causing her issues. Seeing the disappointment in her face when she learned she wouldn't be able to drive the ATV while her family was on their annual vacation in the mountains was heartbreaking. This was something Peyton looked forward to every summer. But rather than sulk and get upset while the others were getting ready for an ATV ride, Peyton gladly became a passenger rather than a driver. Even though it's not how she would've preferred it played out, Peyton made the best of the situation.

A diagnosis of epilepsy is not what we initially envisioned, and I'd be lying if I said Peyton was not upset. This diagnosis was going to change her life forever. As a teenager, facing the possibility of not being able to get a driver's license is devastating. But Peyton was committed to do whatever necessary to reduce her seizure activity and mitigate the consequences of her epilepsy. Peyton's determination came primarily from two sources: her mom, and her faith in God. Her mom was diagnosed with Type I diabetes as a child, and Peyton had watched her mom's daily routine of insulin, checking her sugar level, medication to treat other conditions resulting from the diabetes, etc. She saw that her mom didn't let diabetes control who she was, and Peyton was determined to not be controlled by epilepsy. Secondly, Peyton believed that God had a plan for her and for some reason that plan included epilepsy. Peyton doesn't view herself as an epileptic; she is a person with epilepsy. She does not let it define her.

Peyton is an incredibly caring and compassionate person, so it no wonder that she is pursuing a nursing career. Her experience will most certainly impact the care she delivers and her relationship with patients. Peyton is also more determined as a result of her experience. She has learned that sometimes she must work harder or approach things from a different perspective. And lastly, Peyton knows how to deal with adversity. She will no doubt be faced with other not so pleasant experiences throughout her life, but she understands there is always something to be learned from those experiences and they will help her grow. I may be a few decades older than Peyton, but she has definitely taught me a few things over the past several years.

Respectfully,

30bir h30thermel
