## Dear Friend of DIPCPA,

Diversity & Inclusion Professionals of Central PA (DIPCPA) is a resource that brings diversity professionals together to discuss day-to-day implementation of initiatives within Central Pennsylvania. This Group was created in 2008 to provide a venue for professional development of Diversity and Inclusion Practitioners representing a cross section of the region:

- Business
- Local Government
- Education
- Individuals
- Law
- Industry
- Nonprofits
- Students
- State Government
- Healthcare
- Community Groups

We are proud to host our virtual conference on October 1, 2021 from 9:00 AM – 2:30 PM "Beyond Diversity: Committing to Equity and Belonging". Industry professionals will learn how to promote and sustain spaces of equity and belonging. This full-day conference will support participants in identifying barriers to equity, foster safe spaces for courageous conversations, and offer practical ideas and resources to help workplaces and communities become safe and equitable for everyone.

Prior to the conference, On-Demand Sessions will be available on the conference website. These pre-recorded sessions will provide key learnings that provide participants with a strong foundation of terms and information. During the conference, participants will choose from three Live Sessions followed by industry-specific breakout sessions to network with and engage with other individuals in similar fields. All participants will walk away with resources and an action plan to begin implementing learnings from the conference. After the conference, participants will have access to additional On-Demand Sessions providing additional insight into creating systems of equity and belonging.

We are excited and look forward to a conference that goes beyond diversity and toward advancing equity and belonging.

Sincerely,

*Sheldon Murray*

Mr. Sheldon Murray  
Chair
