Your Financial Aid History Information

The information below is the total amount of student loans that you owe. These loans are administered by the U.S. Department of Education (ED). You should confirm that these loan totals are correct. You can view details on the individual loans that make up these totals at the National Student Loan Data System (NSLDS) Web site. If you feel that the amounts listed on this page are incorrect, or you have other questions related to a loan, you should contact the loan servicer indicated on the NSLDS Web site. You can obtain general information about each of the types of loans that are listed below by visiting our StudentAid.gov Web site.

Note that the "Subsidized" and "Unsubsidized" amounts include the appropriate portions of any Consolidation Loans you may have. If there is an amount listed for "Unallocated Consolidation Loans" it is because we could not determine whether those balances were subsidized or unsubsidized.

Remember you are responsible for repaying all of the amounts that you borrow, plus interest. As a general rule, with an assumed interest rate of 5%, the monthly payment amount over a ten-year repayment period would be approximately \$10.61 for every \$1,000 that you borrowed. Of course your actual repayment amount will depend upon how much you borrow, the interest rate when you enter repayment, and how long your repayment term is.

After receiving offers from many fine, private colleges and universities, I chose to attend Lincoln University of Pennsylvania in Fall 2019. I am a declared biology/premedicine major taking classes in laboratory-based biology and chemistry, along with other courses. My minor is Art. Art has been a life-long hobby because of the soothing, creative outlet if provides. In the Fall, I earned a 3.6 GPA. This Spring, I expect a 4.0 GPA. I am grateful for the opportunity to pursue my education at Lincoln and will continue to use as my examples those graduates that have distinguished themselves through providing service and inspiration to others.

Many of my close family members have struggled with cancer diagnoses and other healthcare challenges. I have watched the devastation this disease has wrought within my immediate family and community. Now, I live in the midst of a pandemic. Knowing that research is always evolving, it is difficult to watch the suffering of others and wonder what else can be done? Why can't this problem be fixed? My interest in medicine, healing and research is undoubtedly fueled not only by these personal exposures but also my science experiences inside and outside of school. Science provides answers. My goal is to pursue post-graduate study in medicine, oncology, immunology or virology research that will help me ask the life-saving questions. I will contribute to the legacy of Lincoln University by the example of hard work, determination to persevere, faith in God and recognition that one's legacy is dependent on the impact they leave on those who will tell their story.
