Please provide any additional information regarding your family, if necessary:

For the 2020-2021 school year there will be two children from my family in college. My father has a small, self employed, christian counseling business. While this has been a blessing to many, it has been hard on my family financially. His income does not cover all three children's college expenses, especially in combination with the cost of living for a six person family. Due to COVID- 19 related challenges he has lost about half of his clients and regular income, which is a financial stress for my family.

Learn about federal tax benefits for education, including the American Opportunity Tax Credit (AOTC).

Based on the information we have on record for you, your EFC is 314. You may be eligible to receive a Federal Pell Grant and other federal student aid. Your school will use your EFC to determine your financial aid eligibility for federal grants, loans, and work-study, and possible funding from your state and school.

There is a limit to the total amount of Federal Pell Grants that a student may receive, which is the equivalent of 6 school years. Based on information reported to the National Student Loan Data System (NSLDS) by the schools you have attended, you have received Pell Grants for the equivalent of between one and one-half and two school years.

There is a limit to the total amount of subsidized Federal student loans that you may receive. Visit https://StudentAid.gov and select Types of Aid/Loans for more information.

Your Financial Aid History Information

The information below is the total amount of student loans that you owe. These loans are administered by the U.S. Department of Education (ED). You should confirm that these loan totals are correct. You can view details on the individual loans that make up these totals at the National Student Loan Data System (NSLDS) Web site. If you feel that the amounts listed on this page are incorrect, or you have other questions related to a loan, you should contact the loan servicer indicated on the NSLDS Web site. You can obtain general information about each of the types of loans that are listed below by visiting our StudentAid.gov Web site.

Note that the "Subsidized" and "Unsubsidized" amounts include the appropriate portions of any Consolidation Loans you may have. If there is an amount listed for "Unallocated Consolidation Loans" it is because we could not determine whether those balances were subsidized or unsubsidized.

Remember you are responsible for repaying all of the amounts that you borrow, plus interest. As a general rule, with an assumed interest rate of 5%, the monthly payment amount over a ten-year repayment period would be approximately \$10.61 for every \$1,000 that you borrowed. Of course your actual repayment amount will depend upon how much you borrow, the interest rate when you enter repayment, and how long your repayment term is.

Personal Essay: Michala Geraty

In contemplating the values that motivate me, I believe I need to obtain a post-secondary education for those who cannot. While my family is by no means wealthy, I am aware that my position as a young woman living in the United States, blessed to have a supportive family, and to have attended an excellent public education system since I was little, puts me in a privileged position. Especially as a female, my birth status in combination with my passions and abilities to achieve academic excellence within the pursuit of knowledge of the medical field, puts me in a place where I would be foolish to pass up such an opportunity. I know millions of girls, let alone all sorts of people, are not given this very chance in front of me- especially when it comes to adequate education. I love learning. I have the ability to excel and the drive to understand complex concepts. Therefore, I have a great passion for Public Health, which is my choice of study. I want to learn as much as I can, and not waste a second of these four years I am given at school because I know every minute in the classroom is giving me information on ways to help people all over the world, whether that be in my own neighborhood or continents away. This entails knowledge on personal and community health practices and ways to provide access to care that many people are not afforded in life. I want to learn to bridge the gap between health disparities. It is my desire to be a resource to others so they cannot just survive, but truly thrive, and I believe post-secondary education is the way for me to do that.

This passion I have found along my path of post-secondary education, specifically within the fields of Public Health and Spanish, lends to why I chose to attend Liberty University. First and foremost, I stand for the Christian beliefs that this institution holds. I want to be a light to others and love people unconditionally. I chose this school because I know that is in their mission. They literally want to "train champions". I want to learn how to be a champion not only in my own pursuit of knowledge, but I want to be able to take what I learn and meet people's needs when it comes to medicine, health, health care, etc. so they too can be the champions of their story. I believe in something greater than myself. I believe in working towards a better future for other people and Liberty University's public health program is centered around sustainable solutions that do not stop at language and cultural barriers, or a difference in ideologies. I chose Liberty because I believe they could help me achieve a well-rounded education focused on being the person to make a change and a difference. I knew I would not

just be seen as another student filling up a chair. Now that I am finished with my second year of school, I can confidently say they upheld these beliefs and have pushed me to learn as much as I can about public health for the betterment of both communities and individuals. I cannot wait to see what the next two years have in store.

Thank you for your time and consideration!
