Olivia Meyers

Samuel L Abrams Foundation Scholarship

April 1, 2020

Dear Scholarship Committee:

Please consider the following extenuating circumstances when evaluating Olivia's financial situation for scholarships. Olivia's father has been unemployed since March 2019. Since this time, he has been struggling with addiction and we have had to secure a protection from abuse order against him. We are now a single income family with no contributions from Olivia's father. This situation has drained our financial resources and been a difficult one to succeed in academically. I think Olivia's grades under such duress speak volumes as to her capabilities. I may soon be able to provide 2019 financial information which is significantly different than 2018 since the accountant is working on our taxes. I am unsure as to whether we will file married separate or married joint at this time. Thank you for your consideration.

Sincerely,

Diana Meyers

I plan on attending Penn State University Park as a Wildlife Science major. I love wildlife and want to be involved in the conservation of animals and their environment. By becoming a Wildlife Science major, I will do my best to make a difference in my community. I am excited to be a part of this field of study and conduct hands-on activities to better understand life in an ecosystem, how to protect and preserve animals and their habitats, as well as developing new and effective conservation methods. My goal is to travel the world with my degree in Wildlife Science, help with endangered species and work at animal sanctuaries. I would like to specifically travel to Australia and Costa Rica and help with projects there, focusing on animal conservation. I love how beautiful every living thing is and want to be engaged in the environmental field and spread the care and love of wildlife. I believe that a post-secondary education will be beneficial in helping me to accomplish this and achieve my dream job of being an animal conservationist.

Penn State stuck out to me and was a perfect match for all of my interests. Not only is state college close to my home and family but it also offers many great programs that I can be involved in on top of having an amazing science program. PSU is a huge campus that allows me to continue my passion for gymnastics, music and theater and will also give me an exciting college experience with its multitude of clubs and DIV 1 sports. The wildlife science program is also an amazing part of this school. The program takes learning out into fields, forests, rivers and lakes to give the students a chance to participate in hands on learning. The curriculum is designed to prepare students for graduate school, natural resource management agencies, non-profit organizations and much more. I am very excited to be furthering my education at Penn State and am so thankful to be able to experience and receive a post-secondary education which will help me grow in life.
