Learn about federal tax benefits for education, including the American Opportunity Tax Credit (AOTC).

Based on the information we have on record for you, your EFC is 5101. You may be eligible to receive a Federal Pell Grant and other federal student aid. Your school will use your EFC to determine your financial aid eligibility for federal grants, loans, and work-study, and possible funding from your state and school.

There is a limit to the total amount of Federal Pell Grants that a student may receive, which is the equivalent of 6 school years. Based on information reported to the National Student Loan Data System (NSLDS) by the schools you have attended, you have received Pell Grants for the equivalent of between one-half and one school year.

There is a limit to the total amount of subsidized Federal student loans that you may receive. Visit https://StudentAid.gov and select Types of Aid/Loans for more information.

### Your Financial Aid History Information

The information below is the total amount of student loans that you owe. These loans are administered by the U.S. Department of Education (ED). You should confirm that these loan totals are correct. You can view details on the individual loans that make up these totals at the <u>National Student Loan Data</u> <u>System (NSLDS</u>) Web site. If you feel that the amounts listed on this page are incorrect, or you have other questions related to a loan, you should contact the loan servicer indicated on the NSLDS Web site. You can obtain general information about each of the types of loans that are listed below by visiting our <u>StudentAid.gov</u> Web site.

Note that the "Subsidized" and "Unsubsidized" amounts include the appropriate portions of any Consolidation Loans you may have. If there is an amount listed for "Unallocated Consolidation Loans" it is because we could not determine whether those balances were subsidized or unsubsidized.

Remember you are responsible for repaying all of the amounts that you borrow, plus interest. As a general rule, with an assumed interest rate of 5%, the monthly payment amount over a ten-year repayment period would be approximately \$10.61 for every \$1,000 that you borrowed. Of course your actual repayment amount will depend upon how much you borrow, the interest rate when you enter repayment, and how long your repayment term is.

### Kaitlin Putric

I believe that I should pursue a post-secondary education because the career that I would like to have requires a degree. The education fields for the modern day are slowly dwindling yet there are still positions that need to be filled. Teachers that were hired decades ago are about to retire in the next few years, so the present day is one that the best times to earn an education degree. Those emptying positions will need new and young teachers to take the place of the retiring teachers. I have always been passionate about helping others and teaching is one way where I can teach a subject that I love as well as help young minds decide what they want to do for the rest of their lives. By obtaining a post-secondary degree, I will be able to help those who were struggling with what they wanted to spend their lives doing.

I chose to attend Susquehanna University because they are not only one of the top English education schools in Pennsylvania, but they also are a welcoming school that is not too far from home. I wanted a smaller school so that there would be more individual help from professors as well as a small class size so that I was more than just a number. I wanted those connections with professors, and I felt that this school would allow for those connections. The school is a short, one-hour drive from home, so I can come home when I need to. The education program at Susquehanna was one that also piqued my interest from the start of my college search. They get students out into classrooms to observe a teacher within the first semester, so I was able to see if this was something that I really wanted to do long term. For these reasons as well as my desire to become a teacher are the reasons that I committed to Susquehanna University.
