Your Financial Aid History Information

The information below is the total amount of student loans that you owe. These loans are administered by the U.S. Department of Education (ED). You should confirm that these loan totals are correct. You can view details on the individual loans that make up these totals at the National Student Loan Data System (NSLDS) Web site. If you feel that the amounts listed on this page are incorrect, or you have other questions related to a loan, you should contact the loan servicer indicated on the NSLDS Web site. You can obtain general information about each of the types of loans that are listed below by visiting our StudentAid.gov Web site.

Note that the "Subsidized" and "Unsubsidized" amounts include the appropriate portions of any Consolidation Loans you may have. If there is an amount listed for "Unallocated Consolidation Loans" it is because we could not determine whether those balances were subsidized or unsubsidized.

Remember you are responsible for repaying all of the amounts that you borrow, plus interest. As a general rule, with an assumed interest rate of 5%, the monthly payment amount over a ten-year repayment period would be approximately \$10.61 for every \$1,000 that you borrowed. Of course your actual repayment amount will depend upon how much you borrow, the interest rate when you enter repayment, and how long your repayment term is.

My goal has always been to go to The University of Pittsburgh. Since I was a freshman, I thought that Pittsburgh was the perfect school. I have always wanted to stay close to home, so in-state schooling was mainly what I was looking for. Pittsburgh really caught my attention because it is a fairly prestigious school and there was a huge variety of clubs and extracurricular activities that made me sure I would be able to find my own group. Their law program is also very well-known and attending The University of Pittsburgh for business school will make it easier to gain acceptance to their law school. I also really like that the campus is easily accessible, and I will be able to walk anywhere on campus in a short amount of time. The city of Pittsburgh is also a perfect transition from a small area, like where I am from, to a big city, but not an overwhelmingly big city. The city is also very active and will have a lot of things for me to explore and do while in Pittsburgh. The perks of going to Pittsburgh are also amazing, such as a bus pass for all over the city, discounts at surrounding shops and food places, and discounts for Pittsburgh professional sports.

A big part of going to a secondary education is easing you into living by yourself. College will give me time to explore who I am as a person and find myself. I will have plenty of time to grow as person which will be beneficial in living my life the way I want to, for me to be happy. The education however can be priceless. Pittsburgh is going to offer me a great education, and I fully believe I will get my money's worth. I plan to pursue a career as a lawyer, so a degree is mandatory for me to attain my license to practice law. I also love learning and challenging my mind. I enjoy expanding my knowledge, so I believe I will perform very well in college. Attending college will also expand my possible career options incase I decide to change my career path. The jobs that will be available to me with a degree will allow me to live a much more comfortable lifestyle than I would have with a blue-collar job. A degree from Pittsburgh will also give me more security in my future job than someone with a degree from a less prestigious university. For me, a college education is vital to my future and the life I want to live.
