Your Financial Aid History Information

The information below is the total amount of student loans that you owe. These loans are administered by the U.S. Department of Education (ED). You should confirm that these loan totals are correct. You can view details on the individual loans that make up these totals at the [National Student Loan Data System \(NSLDS\)](#) Web site. If you feel that the amounts listed on this page are incorrect, or you have other questions related to a loan, you should contact the loan servicer indicated on the NSLDS Web site. You can obtain general information about each of the types of loans that are listed below by visiting our [StudentAid.gov](#) Web site.

Note that the "Subsidized" and "Unsubsidized" amounts include the appropriate portions of any Consolidation Loans you may have. If there is an amount listed for "Unallocated Consolidation Loans" it is because we could not determine whether those balances were subsidized or unsubsidized.

Remember you are responsible for repaying all of the amounts that you borrow, plus interest. As a general rule, with an assumed interest rate of 5%, the monthly payment amount over a ten-year repayment period would be approximately \$10.61 for every \$1,000 that you borrowed. Of course your actual repayment amount will depend upon how much you borrow, the interest rate when you enter repayment, and how long your repayment term is.

At this point, the school(s) listed on your application have access to your information. The school(s) may put together or change an aid package based on your Expected Family Contribution and notify you.

The amount of aid you receive from a school will depend on the cost of attendance at that school, your enrollment status (full-time, three-quarter-time, half-time, or less than half-time), Congressional appropriations, and other factors. Review your financial aid notification from the school(s) or contact the Financial Aid Administrator at the school(s).

Note: Your school has the authority to request copies of certain financial documents to verify information you reported on your application.

To protect the confidentiality of your application data, you should never give, share, or disclose your FSA ID to anyone, including commercial service providers that provide assistance with the financial aid process. You should keep your FSA ID in a safe location.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1845-0001. Public reporting burden for this collection of information is estimated to average 5 to 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is voluntary. If you have comments or concerns regarding the status of your individual submission of this form, please contact the Federal Student Aid Information Center, P.O. Box 84, Washington, D.C. 20044 directly.

We may request additional information from you to process your application more efficiently. We will collect this additional information only as needed and on a voluntary basis.

By answering questions 101a through 101t, and signing the Free Application for Federal Student Aid, you give permission to the U.S. Department of Education to provide information from your application to the college(s) you entered. You also agree that such information is deemed to incorporate by reference the certification statement on the sign and submit page of the financial aid application. Proof That “Hard Work Pays Off” is True!

I am a student at Cumberland Valley (CV) High School. Attending a large high school can be difficult but it's not all negative. There are many positives such as a great selection of courses. For example, I'm taking two classes that probably aren't offered at small high schools! Through CV's "College in the Classroom" program, I am taking College Accounting which gives me college credits through a local community college. I'm also taking Meteorology & Oceanography which is very cool. A second positive is that through my Entrepreneur Class II, I was able to work at the student store my junior year to learn about retail and management. A third positive is the many people you can meet and friends you can make. Finally, the number of activities I can choose from is unbelievable. I take part in Ultimate Frisbee club, the CV Bowling team, was a member of the Student Government Association my freshman year, and volunteered my junior year on a Mini-Thon committee.

Despite those positives there are negatives, such as highly competitive sports where you have to be the best of the best to make a team. I made the volleyball team as a freshman and have continued to play moving onto varsity as a junior, but I did not make the golf team freshmen and sophomore year. I've always been a very hard working and ambitious kid and have a tough time giving up something when I set my mind to it, so I decided to keep golfing and work extra hard. Luckily I live 2 miles from a golf course because that winter I golfed, as long as there wasn't snow on the course. The summer of 2018 going into my junior year I golfed almost every day, grinding it out on the course. I got lessons and even joined a junior golf tournament league which had a tournament every week in the summer. All this work finally paid off because in the fall of my junior year I made the golf team!

Although I made the team, it was a bit of a rough season and once it was over, I knew I needed to get even better so I golfed nearly every day this past summer between working as an intern at a financial planning firm and as a dishwasher at a local restaurant. I continued with golf lessons and played in the tournament league again. The hard work paid off as I placed second in tryouts for my senior year. I ended up playing in every match this season and had my best round of a 76 (4 over) at Dauphin Highlands at an invitational. I went to Mid Penns (conference playoffs) this year and shot a 79, which qualified me to move onto districts individually. Our team went undefeated during the regular season and we won our conference championship and then districts! We play for the state title at the end of October! CV has not played in the state championship for over 10 years which makes this even more exciting!

My golf accomplishments are just one small example of the type of person I am. I wish my SAT scores were higher, but the SAT's can't measure one of my best qualities which is my work ethic. I will work hard in college and do what it takes to succeed.
