

# TFEC CENTENNIAL + 1

## Help Us Fill a Time Capsule!

One of the many ways The Foundation for Enhancing Communities (TFEC), your local community foundation, is celebrating their 101st birthday is by filling a time capsule for each county within their footprint. They need your help to ensure the time capsule is representative of the region. Interested in getting involved?

### Here are some suggested items for the capsules:

#### Personal:

- Write a brief personal history describing:
  1. your current occupation and education
  2. how did you end up located in your respective region and WHY?
  3. what would you like to see for your community in the future?

#### Health & Human Services & Education

- Current issues about healthcare
- Information from insurers in your region
- Grants made from Areas of Interest Funds
- Information from services being provided in your area
- Wishes for the future

#### DIGITIZE EVERYTHING!

In order to preserve this history in as many formats as possible, anything you put in the time capsule that can be stored in a digital format should be placed on a flash drive or other electronic format.

#### Arts and Culture

- Newspaper Articles
- Ipod Touch with current music
- Playbills and Programs from recent plays or musicals
- Cultural things representing your community population
- Wishes for the future

#### Community Development

- Menus from local restaurants
- Business cards for local businesses
- Wishes for the future
- Maps of local community
- Video of how downtown looks TODAY

#### Environmental Stewardship

- Skyline photos of your community
- Photos of local parks and hiking trails
- Information about environmental issues from your region
- Wishes for the future

Items can be sent to:  
**TFEC**

Attn: Jennifer Black  
PO Box 678

Harrisburg, PA 17108-0678
