Your Financial Aid History Information

The information below is the total amount of student loans that you owe. These loans are administered by the U.S. Department of Education (ED). You should confirm that these loan totals are correct. You can view details on the individual loans that make up these totals at the [National Student Loan Data System \(NSLDS\)](#) Web site. If you feel that the amounts listed on this page are incorrect, or you have other questions related to a loan, you should contact the loan servicer indicated on the NSLDS Web site. You can obtain general information about each of the types of loans that are listed below by visiting our [StudentAid.gov](#) Web site.

Note that the "Subsidized" and "Unsubsidized" amounts include the appropriate portions of any Consolidation Loans you may have. If there is an amount listed for "Unallocated Consolidation Loans" it is because we could not determine whether those balances were subsidized or unsubsidized.

Remember you are responsible for repaying all of the amounts that you borrow, plus interest. As a general rule, with an assumed interest rate of 5%, the monthly payment amount over a ten-year repayment period would be approximately \$10.61 for every \$1,000 that you borrowed. Of course your actual repayment amount will depend upon how much you borrow, the interest rate when you enter repayment, and how long your repayment term is.

Becoming an elementary school teacher has always been my biggest goal. Many in my family are in the field of education and I wanted to be just like them. In high school I took every class I could relating to teaching, including working in the onsite preschool. In this class I got to see what the other side of school was like, being the one who taught. Watching how the children improved and seeing them strive to learn more, made me realize why I wanted to teach. During my senior year, I have also taken a first-grade internship at a local elementary school. In this internship I teach a full class, work one-on-one with students, grade assignments and so much more. Even with going the extra step to learn more about becoming a teacher and achieving my dream, I knew I needed to further my education. To achieve this goal, I needed to attend a college to major in Elementary Education.

From the age of eight until now, I was determined to go to Shippensburg University for Early Elementary Education. This past summer, I got the letter and knew my dream was coming true. Shippensburg is well known for its education programs and has an onsite elementary school at which I can further my experience. For me, it's also close to home, so it's the absolute best of all worlds. By furthering my education, I'll be able to open new doors to the world of teaching and learn better how to reach students and excite them about learning. I am beyond excited to see what my future at Ship and in the classroom holds. I look forward to learning from the best of the best at Shippensburg who share the same dream of working with children as I do.
