#### **Your Financial Aid History Information**

The information below is the total amount of student loans that you owe. These loans are administered by the U.S. Department of Education (ED). You should confirm that these loan totals are correct. You can view details on the individual loans that make up these totals at the National Student Loan Data System (NSLDS) Web site. If you feel that the amounts listed on this page are incorrect, or you have other questions related to a loan, you should contact the loan servicer indicated on the NSLDS Web site. You can obtain general information about each of the types of loans that are listed below by visiting our StudentAid.gov Web site.

Note that the "Subsidized" and "Unsubsidized" amounts include the appropriate portions of any Consolidation Loans you may have. If there is an amount listed for "Unallocated Consolidation Loans" it is because we could not determine whether those balances were subsidized or unsubsidized.

Remember you are responsible for repaying all of the amounts that you borrow, plus interest. As a general rule, with an assumed interest rate of 5%, the monthly payment amount over a ten-year repayment period would be approximately \$10.61 for every \$1,000 that you borrowed. Of course your actual repayment amount will depend upon how much you borrow, the interest rate when you enter repayment, and how long your repayment term is.

**WARNING:** If you are convicted of drug distribution or possession for an offense that occurred while you were receiving Title IV aid, your eligibility for Title IV student financial aid is subject to suspension or termination. If your drug conviction status changes at any time during the 2020-2021 award year, you must update your answer to the drug conviction affecting eligibility question.

When I was young, every other month I would come up with new aspirations for what I wanted to be when I grew up. These dreams ranged from wanting to become a fashion designer, to a bakery owner, and even an anesthesiologist. Of course I was so young that I did not realize the amount of work that comes with each occupation, and what I was genuinely passionate about and would want to put my time and effort into. I thought I knew exactly what I wanted, which I now realize those times were just short phases of extreme interest. One thing I have always been sure of was my need to attend college. My parents have always pushed me to reach my full potential in school in order to get accepted to the college that I had wanted to attend. College fully prepares students for the real world and guides young adults in the right direction for success. Without the experiences and knowledge that college provides for most people, success rates in the workforce would likely be incredibly low. Attending college is so important to me because I will hopefully be able to reach my full potential on my own and secure a job that I worked hard to get to.

Beginning in July (Hopefully, as I write this, we are currently in the middle of the COVID-19 pandemic), I will be attending Penn State University at University Park. Penn State has always been the school of my dreams. I grew up a Penn State fan. From the moment I first visited the campus, I instantly fell in love. Current students as well as alumni definitely seem to make the Penn State circle feel like family, which is also why I had a great amount of interest in the school. Another reason why Penn State felt like the right choice for me is because of their Jewish population. There is a significant number of Jewish students which will help me relate to others when making new friends, as well as help me stay active in my religion through the Hillel club at main campus. I truly believe that Penn State University is the right school for me to help reach my full potential and gain the best academic resources and experiences for me to achieve post-college.
